

Liberty Charter closed March 17-April 10 for K-8; high school students to attend classes online March 17-25.

To continue our efforts in being overly cautious while best serving our students, staff and families, the school will be closed beginning tomorrow, March 17, for its K-8 students and will remain closed through Friday, April 10.

For our high school students (9th-12th grade), they will attend classes online March 17-25, with spring break beginning March 26 through April 10. This means their classes will be online this Tuesday-Friday (March 17-20), and next Monday-Wednesday (March 23-25). High school teachers worked with their students today to help prepare them for this change. High school teachers will be available to their students the remainder of this week and next Monday-Wednesday via Schoology and email each school day. The high school teachers are providing an educational alternative for those students who do not have access to online learning from home.

All athletics and activities, including practices, have been suspended until at least April 6.

Limited staff will be at the school March 17-20 and March 23-25 for parents and students to pick up personal belongings, etc.

While the school is closed, please continue practicing social distancing, practicing sound personal hygiene and following the latest guidance from the CDC and Southwest District Health.

Thank you and continue to take care. See you all back on April 13.

Mrs. Rebecca Stallcop
Administrator
Liberty Charter School #458
